COMMISSION LEAVES BOGOTA TO
NEGOTIATE PEACE TREATY

WANT THE UNION PRESERVED

COLOMBIANS LOOK WITH DISFA-
VOR UPON DISINTEGRATION
OF THEIR COUNTRY.

UPRISING NOT IMPROBABLE

UNITED STATES MINISTER BEAU-
PRE SAYS PANICKY FEELING
PREVAILS AT BOGOTA.

Bogota, Nov. 16.—Generals Reyes,
Holguin and Ospina left here Tues-
day for Panama on a diplomatic mis-
sion with full powers to offer the
Isthmians a satisfactory treaty and
such other concessions as may bring
the Isthmus back to the Colombian
union.

It is expected that amicable arrange-
ments will be made and such are
heartily desired here.

News from the state department at
Washington is anxiously awaited.

PANICKY FEELING AT BOGOTA.

Revolution in Colombia Believed to
Be Impending.

Washington, Nov. 16.—A revolution
in Colombia is not impossible, accord-
ing to an opinion expressed in a dis-
patch received at the state depart-
ment Sunday from United States Min-
ister Beaupre at Bogota. It was dated
Thursday, Nov. 12, and at that time
Mr. Beaupre described the feeling in
the capital city as panicky.

The minister has delivered to the
Colombian government his instructions
sent to him by the state department
on Nov. 6, advising him that the United
States has entered into relations
with the government at Panama and
commending to the governments of
Colombia and Panama "the peaceful
and equitable settlement of all ques-
tions at issue between them."

The Colombian government, accord-
ing to Minister Beaupre, was disposed
to ask for an explanation of the in-
structions, but the minister answered
that he regarded them as self-explanatory.

M. Bunau-Varilla, the minister from
Panama, continued his efforts Sunday
to secure recognition of the new gov-
ernment by the European nations.
Twice he saw M. Jusserand, the
French ambassador, in this behalf,
and at night M. Bunau-Varilla ex-
pressed the opinion that France soon
will accord the recognition desired.

France Desires a Guarantee.

The French government is anxious
that the republic of Panama shall guar-
antee to the Panama Canal company
and the French citizens interested
therein all the rights, privileges, etc.,
now held by them. This guarantee is
desired before any steps looking to the
recognition by France is given, and
last night M. Varilla cabled his gov-
ernment for authority to make such
representations.

He has received a long cablegram
from Panama expressing thanks to the
government of the United States for
its courtesy in offering the privileges
of the United States warships to Gen-
eral Reyes on his arrival at the Isth-
mus of Panama should he desire to go
aboard. General Reyes and two other
Colombian generals are reported to
have gone to Panama from Bogota on
a peace commission.

The cablegram says the greatest en-
thusiasm exists throughout the repub-
lic of Panama over the reception given
to its minister here and to the recogni-
tion of the new republic. The same
cablegram gave authority to Minister
Varilla to make representations to the
foreign representatives here necessary
to effect a speedy recognition of the
new republic.

In official circles here the opinion
is expressed that the peace commis-
sion is embarked on a hopeless task.

The state department has received
information that the president's yacht,
the Mayflower, has arrived at Colon
with Admiral John G. Walker, the
president of the Isthmian canal com-
mission, who is to make an investiga-
tion of affairs on the Isthmus, and re-
port to the president and Rear Ad-
miral Coghlan, who is to assume com-
mand of the American fleet on the At-
lantic side of the Isthmus.

RECEIVED WITH RIDICULE.

Statement of President Marroquin
About Punitive Expedition.

Panama, Nov. 16.—President Mar-
roquin's statement as conveyed in a
cablegram to General Plaza, president
of Ecuador, that Generals Reyes, Ca-
lalleros, Ospina and Holguin are now
marching on the Isthmus as "sup-
press the Isthmian traitors" has set
the entire population of the Isthmus
laughing. Protected by the impene-
trability of the land and the many
leagues of coast line separating the
Isthmus from Colombia and confident
that the United States intends to pre-
vent the landing of Colombian sol-
diers from the sea, the Isthmians feel
that their security is absolute.

The loss of the Isthmian territory
is, of course, a tragedy for Colombia.
The government at Bogota is probably
ignorant of the attitude taken by the
government of the United States dur-
ing the past two weeks. In a frenzy
to "save its face," to appease an angry
and disappointed populace and to sat-
isfy the public demand for some ap-
pearance of activity and an attempt
to save the honor and the territorial
integrity of Colombia, the government
is no doubt promising and threaten-
ing to send forces to the coast and to
take other aggressive steps. The

realization by the Colombian govern-
ment of the impossibility of sending
troops to the Isthmus would not neces-
sarily deter it from taking these
steps which, as already stated, are in-
tended merely to satisfy the people.

Well informed people on the Isth-
mus believe that the Colombian gov-
ernment is going through all these
forms of organizing expeditions not
merely for the foregoing reasons, but
owing to the necessity of forestalling
or of weakening the threatened revo-
lutionary outbreak in Bogota.

Cause of Dissatisfaction.

The growing feeling against Presi-
dent Marroquin is believed to be due
to the fact that he did not show suf-
ficient determination to effect the rat-
ification of the canal treaty, which
would have saved the Isthmus to Co-
lombia, and because he appointed Gen-
eral Obaldia governor of the Depart-
ment of Panama after Obaldia had de-
clared that he would remain a Colum-
bian if the treaty were ratified, but
that otherwise he would only be a
Panamanian. General Obaldia was
born in Chiriqui, in the state of Pan-
ama.

Miners and others familiar with the
coast on both sides of the Isthmus de-
clare that any attempt to march an
expeditionary army from any part of
Colombia to the Isthmus would be
futile. Both coasts consist of im-
passible jungles and swamps and riv-
ers, without towns or roads or any
means for the provisioning of an
army.

What is described in Panama as
"the United States' broad interpreta-
tion of the clause of the treaty of
1846, regarding the protection of traf-
fic across the Isthmus," is deemed
ample for the prevention of the trans-
portation of troops by sea and of
consequent hostilities.

The revenues of the new republic,
if economically administered, promise
to meet all expenses.

The government of the new repub-
lic, realizing the necessity of keeping
its army in a contented condition, is
paying its officers and soldiers with
the utmost promptness.

It is generally asserted that the
Isthmians will eventually insist upon
the separation of church and state.

United States Consul General Gud-
ger arrived here Sunday evening and
was met at the railway station by a
great number of persons, including
the members of the provisional gov-
ernment, army officers and other prom-
inent persons.

FLYING THE COLOMBIAN FLAG.

German Steamer Scotia Arrives at
Colon.

Colon, Nov. 16.—The overdue Ger-
man steamer Scotia arrived from the
coast at sundown Sunday flying the
Colombian flag. Her agents signalled
the Scotia to come alongside her
wharf, but she is now anchored a mile
and a half from the harbor. Cutters
from the United States auxiliary
cruiser Dixie are plying to and from
the Scotia, which has no communica-
tion with the shore. There is great
excitement, as it is stated, at Gen-
eral Reyes and his staff are aboard
the vessel. The United States con-
verted cruiser Mayflower left her an-
chorage and steamed to meet the Sco-
tia.

The moment the Scotia anchored
twenty marines from the Dixie were
landed here.

The Scotia sailed from Hamburg
Oct. 13 for Kingston, Jamaica, and was
last reported passing Peyst, Belgium,
Oct. 17.

FOUR CONVICTS ESCAPE.

Climb to the Roof of the Ohio Penitentiary and Slide Down a Rope.

Columbus, O., Nov. 16.—Four pris-
oners escaped from the Ohio penitentiary
Sunday night by climbing to the roof
of a cell block through a ventilator
and sliding down a rope made of
leather belting to the lawn in front of
the prison.

The fugitives are: A. L. Woods, aged
thirty; J. Ryan, alias John Gallagher,
aged twenty-eight; Frank Hayden,
aged twenty-eight; Thomas Gallagher,
aged thirty, all burglars.

The escape of the prisoners was a
daring one. The cell block from
which they made their exit is in the
front of the big prison and the men
dropped to the ground beneath a win-
dow in the warden's office where the
lights were burning brightly.

A trusted prisoner seated at a desk
near a window saw the last man, who
fell before he reached the end of the
rope, limp away in the darkness. The
alarm was given and a posse of prison
guards with Winchester's immediately
started in pursuit. It is thought the
men ran to the railroad yards nearby
and boarded an outgoing freight train.

Chevalier Luigi Petich Dead.

New York, Nov. 16.—In the bath-
room of his home on Ninth avenue Sun-
day was found the body of Chevalier
Luigi Petich, former ambassador of
Italy to Mexico. He had been dead
three days, and apoplexy is said to
have been the cause of death. Petich,
who was sixty-five years old, was man
of many attainments, a scientist, in-
ventor and scholar, but withal a re-
cluse.

SESSIONS TO BE BRIEF

SENATE LEADERS INTEND TO
CONFINE LEGISLATION TO
THE CUBAN TREATY.

SITUATION ON THE ISTHMUS

SENATOR MORGAN IS PREPARED
TO DISCUSS THE SUBJECT
AT GREAT LENGTH.

Washington, Nov. 16.—It is the in-
tention of the senate leaders to con-
fine as closely as possible the legisla-
tion of the present extra session to
the bill to carry into effect the Cuban
treaty and with that end in view the
daily sessions of the senate during the
present week will be brief and another
adjournment will be taken on Thurs-
day or Friday until the following Mon-
day. The work of introducing bills
and of presenting petitions will go for-
ward, but with the exception of the
Cuban bill, neither bills nor petitions
will be taken up in committee nor dis-
cussed in the senate during the week.
It is quite well understood that Sen-
ator Morgan is prepared for a prolonged
discussion of the situation on the
Isthmus of Panama, but while he
seems not to have taken anyone into
his confidence, the general supposition
is that he will defer his speeches un-
til the new canal treaty shall be sent
to the senate.

There is an understanding on the
part of the senators that even though
the negotiations of the new convention
be forthwith completed it will not be
transmitted to the senate until the be-
ginning of the regular session of con-
gress in December. It is expected
that the Cuban bill will be received
from the house on Friday, and it is
probable that a session will be held
on that day in order that the bill may
be referred to the committee on for-
eign relations which will begin its
consideration at once.

The committee on military affairs
will meet during the week to consider
the nomination of General Wood and
as soon as practicable after the com-
mittee reports on it, the question of
confirmation will be brought before
the senate in executive session in con-
sideration of other nominations.

Senator Hale, who is chairman of
the Republican committee on organiza-
tion of the senate committees, ex-
presses the opinion that the reorganiza-
tion will be completed by the close
of the week. Other senators say it
will be impossible to complete the
work until the following week.

CLAIMS SELF-DEFENSE.

J. F. Furlong Kills a Wealthy Young
Business Man.

St. Joseph, Mo., Nov. 16.—Irving
McDonald, a young business man and
wealthy, was shot and killed Sunday
by J. F. Furlong, a traveling man
whose home is given by him as St.
Louis. Furlong says his act was in
self-defense, as he was assaulted by
four men and shot only when he be-
lieved his life to be in danger. When
arrested he had a revolver in his
pocket, one chamber empty. In com-
pany with Mr. Lester Myrick and
Grace Holt of a theatrical company
and several other friends, Furlong and
McDonald went to an Edmond street
cafe after the performance of "The
Governor's Son." They are said to
have been drinking freely, although
so far as any of those supposed to be
acquainted with the facts in the case
will admit there was no quarrel while
the party remained at the cafe. Short-
ly after 5 o'clock the party left the
cafe and walked down Third street.
When Third and Franklin streets was
reached, according to the police, words
passed between the two and Furlong
drew a revolver. Placing the weapon
almost against McDonald's stomach
Furlong hesitated a moment. McDon-
ald dared him to fire and Furlong pulled
the trigger.

The women are held as witnesses
and for investigation. They reside in
New York City.

DEPARTURE KEPT SECRET.

King Victor Emmanuel and Queen
Helena Start for London.

Rome, Nov. 16.—King Victor Em-
manuel and Queen Helena left for
London Sunday. There was no demon-
stration, as their departure was kept
strictly private. Their majesties were
accompanied by Signor Tittoni, min-
ister of foreign affairs, and the mem-
bers of the civil and military house-
holds.

On reaching French territory the
king sent a telegram of greeting to
President Loubet.

The majority of the writers in the
press and the general public look with
satisfaction on the visit of their
majesties to Great Britain and con-
sider that it presages a new alliance
and a greater bond of friendship be-
tween the two countries.

A British squadron has arrived at
Cherbourg in readiness to escort the
royal visitors to England.

Emperor William's Wound Healing.

Berlin, Nov. 16.—A bulletin issued
Sunday from the new palace at Pots-
dam regarding the condition of Em-
peror William, says the wound is
nearly healed and that the emperor
has been permitted to whisper freely
since Saturday.

DEAD NUMBER THIRTY.

Eighteen Others Injured in a Wreck at
Kentwood, La.

New Orleans, Nov. 16.—Sixteen ne-
groes injured in the Illinois Central
wreck at Kentwood were brought to
the Charity hospital Sunday and
three of them died soon after reach-
ing here. This makes a total of twenty-
eight negro men dead, one negro wo-
man killed and Andrew C. Riser, fore-
man of carpenters, the only white,
fatally injured, a total of thirty deaths.
The injured list foots of eighteen.

The wreck has been cleared away.
The responsibility for the accident
will be hard to figure out. The first
train was forty-five minutes late and
the last five minutes behind and the
two trains were virtually running on
each other's time. The engineer of
the last train claimed that he had or-
ders for a clear track to Chatawa,
while the operator at Tangipapa
claims that he signalled the train to
stop, intending to hold it ten minutes,
but it went on and struck the train
ahead.

Passenger Train Wrecked.

Kent. O., Nov. 16.—Wheeling and

Lake Erie passenger train No. 27, the
fastest on the road, ran into an open
switch here at noon Sunday. The en-
gine overturned, while the cars shot
across into a corn field. Fireman
James Burris was terribly scalded and
Express Messenger James Greenwood
of Cleveland had both legs crushed.
All passengers escaped uninjured.

RESULT OF JEALOUSY.

William F. Peaseley Cuts John Beards-
ley's Throat.

Bradford, Pa., Nov. 16.—Believing
that his wife was unduly intimate
with John Beardsley, William F.
Peaseley went to the railroad station
and found his wife and Beardsley in
conversation on the platform. With-
out a word to either Peaseley stepped
up to the couple and cut Beardsley's
throat. The latter, evidently expect-
ing trouble, had armed himself with
a revolver, which he attempted to use,
but fell before he could fire and died
within a few minutes.

Peaseley gave himself up and admit-
ted the cutting, saying he loved his
wife and could not endure the thought
that any other man shared her af-
fections.

FOUR CONVICTS ESCAPE.

Climb to the Roof of the Ohio Penit-
entiary and Slide Down a Rope.

Columbus, O., Nov. 16.—Four pris-
oners escaped from the Ohio peniten-
tiary Sunday night by climbing to the
roof of a cell block through a ventila-
tor and sliding down a rope made of
leather belting to the lawn in front of
the prison.

The fugitives are: A. L. Woods, aged
thirty; J. Ryan, alias John Gallagher,
aged twenty-eight; Frank Hayden,
aged twenty-eight; Thomas Gallagher,
aged thirty, all burglars.

The escape of the prisoners was a
daring one. The cell block from
which they made their exit is in the
front of the big prison and the men
dropped to the ground beneath a win-
dow in the warden's office where the
lights were burning brightly.

A trusted prisoner seated at a desk
near a window saw the last man, who
fell before he reached the end of the
rope, limp away in the darkness. The
alarm was given and a posse of prison
guards with Winchester immediately
started in pursuit. It is thought the
men ran to the railroad yards nearby
and boarded an outgoing freight train.

Chevalier Luigi Petich Dead.

New York, Nov. 16.—In the bath-
room of his home on Ninth avenue Sun-
day was found the body of Chevalier
Luigi Petich, former ambassador of
Italy to Mexico. He had been dead
three days, and apoplexy is said to
have been the cause of death. Petich,
who was sixty-five years old, was man-
ful of many attainments, a scientist, in-
ventor and scholar, but withal a re-
fuge.

SESSIONS TO BE BRIEF

SENATE LEADERS INTEND TO
CONFINE LEGISLATION TO
THE CUBAN TREATY.

SITUATION ON THE ISTHMUS

SENATOR MORGAN IS PREPARED
TO DISCUSS THE SUBJECT
AT GREAT LENGTH.

Washington, Nov. 16.—It is the in-
tention of the senate leaders to con-
fine as closely as possible the legisla-
tion of the present extra session to
the bill to carry into effect the Cuban
treaty and with that end in view the
daily sessions of the senate during the
present week will be brief and another
adjournment will be taken on Thurs-
day or Friday until the following Mon-
day. The work of introducing bills
and of presenting petitions will go for-
ward, but with the exception of the
Cuban bill, neither bills nor petitions
will be taken up in committee nor dis-
cussed in the senate during the week.
It is quite well understood that Sen-
ator Morgan is prepared for a prolonged
discussion of the situation on the
Isthmus of Panama, but while he
seems not to have taken anyone into
his confidence, the general supposition
is that he will defer his speeches un-
til the new canal treaty shall be sent
to the senate.

There is an understanding on the
part of the senators that even though
the negotiations of the new convention
be forthwith completed it will not be
transmitted to the senate until the be-
ginning of the regular session of con-
gress in December. It is expected
that the Cuban bill will be received
from the house on Friday, and it is
probable that a session will be held
on that day in order that the bill may
be referred to the committee on for-
eign relations which will begin its
consideration at once.

The committee on military affairs
will meet during the week to consider
the nomination of General Wood and
as soon as practicable after the com-
mittee reports on it, the question of
confirmation will be brought before
the senate in executive session in con-
sideration of other nominations.

Senator Hale, who is chairman of
the Republican committee on organiza-
tion of the senate committees, ex-
presses the opinion that the reorgani-
zation will be completed by the close
of the week. Other senators say it
will be impossible to complete the
work until the following week.

CLAIMS SELF-DEFENSE.

J. F. Furlong Kills a Wealthy Young
Business Man.

St. Joseph, Mo., Nov. 16.—Irving
McDonald, a young business man and
wealthy, was shot and killed Sunday
by J. F. Furlong, a traveling man
whose home is given by him as St.
Louis. Furlong says his act was in
self-defense, as he was assaulted by
four men and shot only when he be-
lieved his life to be in danger. When
arrested he had a revolver in his
pocket, one chamber empty. In com-
pany with Mr. Lester Myrick and
Grace Holt of a theatrical company
and several other friends, Furlong and
McDonald went to an Edmond street
raffle after the performance of "The
Governor's Son." They are said to
have been drinking freely, although
so far as any of those supposed to be
acquainted with the facts in the case
will admit there was no quarrel while
the party remained at the cafe. Short-
ly after 5 o'clock the party left the
cafe and walked down Third street.
When Third and Franklin streets was
reached, according to the police, words
passed between the two and Furlong
drew a revolver. Placing the weapon
almost against McDonald's stomach
Furlong hesitated a moment. McDonald
dared him to fire and Furlong pulled
the trigger.

The women are held as witnesses
and for investigation. They reside in
New York City.

DEPARTURE KEPT SECRET.

King Victor Emmanuel and Queen
Helena Start for London.

Rome, Nov. 16.—King Victor Em-
manuel and Queen Helena left for
London Sunday. There was no demon-
stration, as their departure was kept
strictly private. Their majesties were
accompanied by Signor Tittoni, minis-
ter of foreign affairs, and the mem-
bers of the civil and military house-
holds.

On reaching French territory the
king sent a telegram of greeting to
President Loubet.

The majority of the writers in the
press and the general public look with
satisfaction on the visit of their
majesties to Great Britain and con-
sider that it prefigures a new alliance
and a greater bond of friendship be-
tween the two countries.

A British squadron has arrived at
Cherbourg in readiness to escort the
royal visitors to England.

Emperor William's Wound Healing.

Berlin, Nov. 16.—A bulletin issued
Sunday from the new palace at Pots-
dam regarding the condition of Em-
peror William, says the wound is
nearly healed and that the emperor
has been permitted to whisper freely
since Saturday.

DEAD NUMBER THIRTY.

Eighteen Others Injured in a Wreck at
Kentwood, La.

New Orleans, Nov. 16.—Sixteen ne-
groes injured in the Illinois Central
wreck at Kentwood Sunday were brought to
the Charity hospital Sunday and
three of them died soon after reach-
ing here. This makes a total of twenty-
eight negro men dead, one negro wo-
man killed and Andrew C. Riser, fore-
man of carpenters, the only white,
fatally injured, a total of thirty deaths.

The injured list foots of eighteen.
The wreck has been cleared away.
The responsibility for the accident
will be hard to figure out. The first
train was forty-five minutes late and
the last five minutes behind and the
two trains were virtually running on
each other's time. The engineer of
the last train claimed that he had or-
ders for a clear track to Chatawa,
while the operator at Tangipapa
claims that he signalled the train to
stop, intending to hold it ten minutes,
but it went on and struck the train
ahead.

Passenger Train Wrecked.

Kent. O., Nov. 16.—Wheeling and

Lake Erie passenger train No. 27, the
fastest on the road, ran into an open
switch here at noon Sunday. The en-
gine overturned, while the cars shot
across into a corn field. Fireman
James Burris was terribly scalded and
Express Messenger James Greenwood
of Cleveland had both legs crushed.
All passengers escaped uninjured.

RESULT OF JEALOUSY.

William F. Peaseley Cuts John Beards-
ley's Throat.

Bradford, Pa., Nov. 16.—Believing
that his wife was unduly intimate
with John Beardsley, William F.
Peaseley went to the railroad station
and found his wife and Beardsley in
conversation on the platform. With-
out a word to either Peaseley stepped
up to the couple and cut Beardsley's
throat. The latter, evidently expect-
ing trouble, had armed himself with
a revolver, which he attempted to use,
but fell before he could fire and died
within a few minutes.

Peaseley gave himself up and admit-
ted the cutting, saying he loved his
wife and could not endure the thought
that any other man shared her af-
fections.

THE JUDGE IS ELATED

Judge Mantor Succeeded in Landing One Big Buck Deer and is very Much Pleased.

Judge Mantor returned from the north this afternoon and he felt prouder than a boy with a new pair of copper toed boots, over the fact that he had succeeded in shooting a big buck deer on his cruise up north. Of all the nimrods that have gone into the woods none could be more pleased than the judge, for it is his second year out and he has kind of put it all over some of the boys. He is an old hunter and enjoys getting out in the field, but his experience in hunting deer has been limited and his trophy is the more prized by him on this account.

ASKS FOR A RECEIVER.

Large Stockholder of a Des Moines Grain Company.

Des Moines, Nov. 1.—C. F. McCarty has applied to the district court for the appointment of a receiver for the M. C. McFarlan Grain company of Des Moines. McCarty owns forty-two per cent of the stock. The company had grain elevators throughout Iowa and in January, 1902, conveyed the elevators into cash, amounting to over \$100,000. McCarty claims this money has been loaned to different companies and corporations without security.

Murders Stepmother and Suicides.

Marquette, Mich., Nov. 1.—At Michigamme Mrs. Napoleon Beauvais was shot and almost instantly killed by her stepson, Napoleon Beauvais, Jr., who then committed suicide. Sitting on the edge of his bed he placed the muzzle of a rifle in his mouth and pulled the trigger, blowing off his head. His motive is unknown.

Cold wave. Temperature will drop from 20 to 30 degrees.

The Chicago street car strike has revived the talk of the municipal ownership of the street car lines.

A Mormon high priest testified in a civil suit recently that plural marriages were still being made and sanctioned by the Mormon church authorities. Hypocrisy as well as polygamy seems to be a Mormon evil.

CHARLEY TOWNE, it is reported, will at last be able to break into congress. Tammany Boss Murphy has selected him to succeed McClellan, the newly elected mayor of New York. Charlie will be a credit to his constituents if talking is meritorious.

The action of the president in recognizing the independence of Panama was strictly in accord with all precedents, and was his right under the constitution, and what is more to the point, was to the great advantage of the United States. A president who would have done otherwise would have failed in his duty to the people who elected him.

The rivalry for the republican nomination for governor should not be allowed to develop a spirit of bitterness that will prevent a united front against the enemy when the nomination is once made. All the republican candidates are good clean republicans and stand squarely on the party platform. It is a question of which is the most available, which will stand strongest before the people, and THE DISPATCH has no hesitancy in putting forward Hon. R. C. Dunn as much the strongest because of his magnificent fight for the people's interest in every public capacity in which he has been tested.

ARRESTED FOR TRESPASSING

Twenty-One Persons Interested in
New Town of Richards are
Apprehended by Order

FROM MAJOR GEORGE L. SCOTT

Men are Promoters of Townsite and Arrest Followed Starting of Improvements.

Twenty-one persons have been arrested by Indian police on the proposed new townsite of Richards, near Bena, in the heart of the Chippewa Indian reservation, upon orders from Major Geo. L. Scott, of the Leech Lake agency.

The arrests were made by the Indian police under Charles Buleau, deputy agent and chief of police.

Eight of the men arrested are interested as promoters in the new townsite of Richards, and the arrests followed the actual beginning of improvements. The action by the Indian agent was not unexpected. The prisoners were taken to Bena and then released upon their promise not to resume operations.

It is said that Richards is a very desirable point for a new town, but it is yet to be determined whether it will be really established. Among the people interested in the townsite, and reported here to have been arrested, were A. A. Harper, Herbert Reed, Hugh Allerton, C. Tedford and others of Cass Lake.

THIEF MADE HASTY EXIT.

Officer Hurley Recovers a Valuable Coat
Stolen from in Front of A. Mark's
Place Saturday Night.

Officer Hurley made a good catch on Saturday night. A sneak thief, realizing that the air was getting rather frigid, snatched a coat from one of the dummies in front of A. Mark's store and made a good start at getting away. The officer followed him up, however, and going into a saloon where the culprit was, the latter made a hasty exit and disappeared in the darkness, but left the coat. Mr. Hurley stated that he would like to have caught the fellow, not so much for the sake of bringing him before the court but he would like to have "dinged" him one or two on the point of the jaw and "showed him the way back home."

Constipation, headache, backache, feel mean, no appetite, all run down. Rocky Mountain Tea will make you well and keep you well. Money back, if it fails. 35 cents. H. P. Dunn & Co. mf

Dose at Hands of Jury.

After being out for four hours the jury empaneled at Fargo in the case of the state vs George and Judson Briggs, the Pine River boys, charged with making an assault with intent to maim, returned a verdict finding the defendants guilty of simple assault and battery, the penalty for which is a fine, a jail sentence, or both. The verdict of the jury was something of a surprise, as the state had made out an exceptionally strong case. The defendants were charged with assaulting and attempting to gouge the eye out of Jack Howard, employed in the capacity of foreman of the McHenry farm.

Mrs. Stone to Speak.

On Tuesday evening in the M. E. church there will be a missionary service under the auspices of the W. F. M. R. auxiliary. The speaker will be Miss Anna Stone, of China. Miss Stone is the protegee of Bishop Joice. She has been in this country five years taking the art course, and also theological studies in two of our leading women's universities. She is a remarkably clever woman and her story of her life, of her father's conversion and sufferings during the Boxer troubles is one of the most inspiring and thrilling annals in missionary literature. As she is returning to her native land this winter to devote her life to the welfare of her own people, this will be in all probability the only opportunity of hearing her. To hear her is to enjoy a treat not often granted to us poor mortals who endure the drudgery of life and have so little of its inspirations. Admission free. A collection will be taken to defray her traveling expenses. Let Brainerd give this charming, cultured Chinese Christian lady a royal greeting.

A VERY SAD DEATH.

Little Five-Year Old Paul Slipp, Son of Mr. and Mrs. Edward Slipp, Died Suddenly Saturday Night.

Young Paul Slipp, the son of Mr. and Mrs. Edward Slipp, of Fifth street south, died about 10 o'clock Saturday night and there are some very sad features connected with the demise, which makes it doubly hard for the bereaved parents.

The little boy played about the yard all day Saturday with his companions, ate a good supper at night and retired without any complaint. Although in the very best of health apparently, the little fellow had a throat infection with which he had had considerable trouble, in fact his speech had become affected some time ago.

Occasionally he would have a bad spell and the trouble in the throat would almost overcome him. On Saturday night he was taken with one of the spells and before medical aid could be summoned the little fellow had passed away, the direct cause of death being ascribed as oedema of the larynx.

One of the saddest features about the death was the fact that Mrs. Slipp, the mother of the boy, was out calling, and imagine her feelings on returning home and being plunged into such grief. Mrs. Slipp had gone to call on Miss Atherton and Mr. Slipp and the other members of the family did not know where she was for a time.

The deceased was five years of age and was a particularly attractive lad, who kind of drew those whom he met toward him. Mr. and Mrs. Slipp have not been residents of this city long, coming here from the east a few months ago. Mr. Slipp bought the William Murray home on Fifth street north, where the family now resides. He is a brother of Fred Slipp, the hardware merchant.

The funeral over the remains of the deceased was held this afternoon at 2:30 o'clock from the family residence, Rev. Richard Brown, of the First Congregational church, officiating.

The sympathy of the entire community is extended Mr. and Mrs. Slipp in their bereavement.

MR. AND MRS. J. GLUNT HONORED

Staples Friends of These Popular People
Tender Them an Honorary Banquet
on Saturday Evening.

Mr. and Mrs. J. M. Glunt, now of this city, were guests of honor at a very swell banquet held at the St. Charles hotel at Staples on Saturday evening, at which something like one hundred covers were laid, those present including many prominent people of Staples, Col. C. D. Johnson, of this city, and T. J. Sharkey, of Anoka. The event was prompted from the fact that Mr. and Mrs. Glunt are about to take up their permanent residence in Brainerd, Mr. Glunt having been reengaged as yard master in the N. P. yards in this city.

H. C. Miller, of Staples, acted as master of ceremonies and among those who were called upon to give toasts were T. J. Sharkey, A. B. Church, C. F. Hall, W. K. McFarland, C. B. Wilson, John Horn, Edward Ryan, Thos. Loftus, A. C. Poore, E. E. Greeno, E. E. Daniels, Harry Aurenadel, F. E. Powers, C. A. Collins, Ed. Keeley, Robert Klemin and J. E. Murray. In response to the first few remarks made by Toast Master Miller, Mr. Glunt stated that he had lost his speech but he had brought along with him a worthy protegee in the person of Col. C. D. Johnson, who would make the response. The colonel did so in his usual very happy manner.

The menu was perfect in its detail and the appointments in the dining room were tastefully arranged. The event will long be remembered by Mr. and Mrs. Glunt who have scores of friends in Staples, who will also keep in mind the last leave taking.

Mr. Glunt was yard master in this city for years before going to Staples. He went to Staples in 1891 and was there continuously until he was reengaged to take charge of the Brainerd yards a month or so ago. He has purchased lots on Juniper street and expects to erect a home in this city and become a permanent Brainerd resident from now on.

WEST MINSTRELS.

On next Monday, Nov. 23 at the Brainerd theatre the Wm. H. West minstrels will make their appearance in this city, and as is usual, Manager Sanford B. Ricaby has several novelties to present to his patrons. In this age of progression it is absolutely essential that a manager keep abreast of the times. The public demands everything new each year and the wise manager recognizes and tries to meet that demand. One of the most successful innovations of recent years is the presentation of the operatic burlesque, "The Wizard of Oz," as the closing feature of the West minstrels. It is an extremely funny and very musical skit, running about forty minutes, and employs the entire forty people who compose this most successful minstrel company.

Sixteen great singers are with the organization, probably the largest number ever carried in minstrelsy, and great attention has been given to the orchestral and chorus effects, while the soloists will present the newest and best compositions of America's greatest song-writers.

THE REIDELBERGER STRING QUARTETTE.

With Carlo Fischer there has come to the twin cities an interesting instrument, a cello made by the famous Guarneri family, of Cremona. From its rich and sonorous tone and finished workmanship it is probable that Peter Guarneri was the maker. Peter was a Venetian and had the advantage of the fine Venetian varnish. The first Guarneri like Stradivari, learned violin making from Nicholas Amati, and like him, also developed an entirely original style. Mr. Fischer's cello was made in the early part of the seventeenth century.

Before it came into Mr. Fischer's possession it was part of the royal collection of King Ludwig of Bavaria. It was bought by Mr. Fischer of a dealer in Frankfurt on the Main, for \$2,000, eight years ago, and has accompanied him in all his travels at home and abroad.—St. Paul Dispatch.

Mr. Fischer comes to the Brainerd theatre Monday, Nov. 23.

Mrs. C. E. Burton of Sixth street south says: "I had kidney complaint and it clung to me for three or four years. The kidneys did not secrete freely causing scantiness and some pain. Across the small of my back there was always an aching which lamed me so that when I got down it was a severe effort for me to get up. When I saw Doan's Kidney Pills advertised I got a box and commenced their use. From the first dose their action was directly on the kidneys and I was speedily aware of a marked change for the better. At present I enjoy much better health. The kidneys act normally and the backache has left. This statement of the value of Doan's Kidney Pills I will be glad to corroborate to any inquiring friends."

BRAINERD BOYS BEATEN.

Little Falls Football Team Wins a Well
Fought Game With Locals Saturday Afternoon

Little Falls 11; Brainerd 5.

This was the result of the game between the high school teams of Brainerd and Little Falls on Saturday afternoon. As the score would indicate it was a pretty close game, and all things considered, it is thought the local eleven held their opponents down in good shape. In going into the game Saturday the locals did not have much hope of winning. In the first place Fred Sanborn was not in the game and the lineup had to be shifted, and as some of the boys had not played in the positions assigned to them it made it hard. Then too, the Little Falls men were much heavier than the locals, although the Brainerd eleven showed good form and made the first touchdown, but a complicated play or two did the business. The boys are not disheartened with the showing made.

Mr. Woods has sold his claim to Frank Anderson. Consideration \$500.

Now that the small pox has come and gone we will be heard from again occasionally.

Mrs. Freeman Doan is still in Brainerd doctoring, but is expected home in a few days.

Twelve families have located in the neighborhood of Big Rice lake within the last three months.

The hunting season opened up with fewer hunters, less game and more water than history has any record of.

Miss Effie Doan is expected home in a few days from Brainerd, where she has been attending school all the fall.

Mr. and Mrs. Houston have gone to Wright county for a few days' visit before he starts his logging operations.

Cranberry Smith has taken the homestead on the east of lake George, where Kennedy's old lumber camp is standing.

Messrs. Houston and Lasky have formed a co-partnership and are going to log for one of the Gillmers this winter.

Owing to the extra warm weather this fall, all logging operations are about 60 days behind hand with no prospects of a freeze-up for several days yet.

The new wagon bridge over Crooked lake stream is completed and is a credit to the builders, but the corduroy on the north side should have been graded with about six inches of dirt.

Free Doan has taken a homestead in the vicinity of Big Rice lake and seems to spend a great deal of time traveling between his ranch and the homestead.

Notwithstanding the nine cases of small pox that were in H. G. Butterfield's family, we are still among the living and able to make a full hand at the table, (dining table.)

Mr. Sam Anderson, our local "school m'm," is now on the fourth week of his fall term and is giving general satisfaction, something that has never occurred in this district before.

The twentieth anniversary of E. A. Andrews and Florence Whitney was appropriately celebrated by a nice social gathering and dance, the marriage ceremony being performed by Justice Orie Edicks.

We were favorably surprised to see a nice hewed log house on the southwest of Lake George, and to learn that the owner has taken a homestead. It is in Cass county, but all such settlers are a benefit to Crow Wing as Brainerd is easier of access than any town in Cass.

Some miscreant set fire to lake Keho meadows and burned up a lot of hay for E. A. Andrews and Willis Whitney. There are lots of trees with strong limbs and plenty of rope in this country and some one might get into trouble for such work if caught in some of their incendiary acts.

THE REIDELBERGER STRING QUARTETTE.
With Carlo Fischer there has come to the twin cities an interesting instrument, a cello made by the famous Guarneri family, of Crémone. From its rich and sonorous tone and finished workmanship it is probable that Peter Guarneri was the maker. Peter was a Venetian and had the advantage of the fine Venetian varnish. The first Guarneri like Stradivari, learned violin making from Nicholas Amati, and like him, also developed an entirely original style. Mr. Fischer's cello was made in the early part of the seventeenth century. Before it came into Mr. Fischer's possession it was part of the royal collection of King Ludwig of Bavaria. It was bought by Mr. Fischer of a dealer in Frankfurt on the Main, for \$2,000, eight years ago, and has accompanied him in all his travels at home and abroad.—St. Paul Dispatch.
Mr. Fischer comes to the Brainerd theatre Monday, Nov. 23.

HARD TO COMBAT.

The Evidence of Our Senses—What Brainerd People Say is Pretty Good Proof for Brainerd People.
When we see it ourselves. When our own ears hear it. When our neighbors tell it. Our friends endorse it. No better evidence can be had. It's not what people say in Maine, Or distant mutterings in California. No deceiving echoes here. Brainerd people talk about Brainerd people. Public opinions published for the public good. There is no proof like home proof. Read this statement made by a citizen: Mrs. C. E. Burton of Sixth street south says: "I had kidney complaint and it clung to me for three or four years. The kidneys did not secrete freely causing scantiness and some pain. Across the small of my back there was always an aching which lamed me so that when I got down it was a severe effort for me to get up. When I saw Doan's Kidney Pills advertised I got a box and commenced their use. From the first dose their action was directly on the kidneys and I was speedily aware of a marked change for the better. At present I enjoy much better health. The kidneys act normally and the backache has left. This statement of the value of Doan's Kidney Pills I will be glad to corroborate to any inquiring friends." BRAINERD BOYS BEATEN.
Little Falls Football Team Wins a Well Fought Game With Locals Saturday Afternoon
Little Falls 11; Brainerd 5.
This was the result of the game between the high school teams of Brainerd and Little Falls on Saturday afternoon. As the score would indicate it was a pretty close game, and all things considered, it is thought the local eleven held their opponents down in good shape. In going into the game Saturday the locals did not have much hope of winning. In the first place Fred Sanborn was not in the game and the line-up had to be shifted, and as some of the boys had not played in the positions assigned to them it made it hard. Then too, the Little Falls men were much heavier than the locals, although the Brainerd eleven showed good form and made the first touchdown, but a complicated play or two did the business. The boys are not disheartened with the showing made.

Dr. J. L. Camp is commencing to reap some profits from stock raising on his farm near Mission lake. Last week he sent a carload of fine steers to St. Paul and they averaged up a little better than most herds. The doctor got an average of \$3.10 per hundred weight for the steers.

Miss Elle Doan is expected home in a few days from Brainerd, where she has been attending school all the fall.
Mr. and Mrs. Houston have gone to Wright county for a few days' visit before he starts his logging operations.
Cranberry Smith has taken the homestead on the east of lake George, where Kennedy's old lumber camp is standing. Messrs. Houston and Lasky have formed a co-partnership and are going to log for one of the Gillmers this winter.
Owing to the extra warm weather this fall, all logging operations are about 60 days behind hand with no prospects of a freeze-up for several days yet.
The new wagon bridge over Crooked lake stream is completed and is a credit to the builders, but the corduroy on the north side should have been graded with about six inches of dirt.
Free Doan has taken a homestead in the vicinity of Big Rice lake and seems to spend a great deal of time traveling between his ranch and the homestead.
Notwithstanding the nine cases of small pox that were in H. G. Butterfield's family, we are still among the living and able to make a full hand at the table, (dining table.)
Mr. Sam Anderson, our local "school marm," is now on the fourth week of his fall term and is giving general satisfaction, something that has never occurred in this district before.
The twentieth anniversary of E. A. Andrews and Florence Whitney was appropriately celebrated by a nice social gathering and dance, the marriage ceremony being performed by Justice Orie Edicks.
We were favorably surprised to see a nice hewed log house on the southwest of Lake George, and to learn that the owner has taken a homestead. It is in Cass county, but all such settlers are a benefit to Crow Wing as Brainerd is easier of access than any town in Cass.
Some miscreant set fire to lake Keho meadows and burned up a lot of hay for E. A. Andrews and Willis Whitney. There are lots of trees with strong limbs and plenty of rope in this country and some one might get into trouble for such work if caught in some of their incendiary acts. GOSSIP.

FEVER SITUATION UNCHANGED.

Twenty-two New Cases Reported at Laredo, Tex.

Laredo, Tex., Nov. 16.—The yellow fever situation drags along in unchanged condition.

The official bulletin is as follows: New cases, 22; deaths, 2; total number cases to date, 888; total deaths to date, 88.

While in pursuance of their duty Sunday Doctors R. D. Murray and G. M. Gutierrez of the Marine Hospital service met with a serious accident in a runaway. They were driving to their hotel when the horses became frightened and ran away, the buggy colliding with a large stone pillar and throwing both the physicians out. Dr. Murray sustained injuries which may prove fatal owing to his advanced age and which at least will confine him to a hospital for a period of six months. Dr. Gutierrez sustained severe bruises.

Dr. Murray's home is at Key West, and he enjoys an international reputation as a yellow fever expert.

The fever has been almost entirely stamped out in Nuevo Laredo.

AFTER A BUSY WEEK.

Federation of Labor Delegates Take a Vacation.

Boston, Nov. 16.—After a week crowded with busy sessions, the delegates to the convention of the American Federation of Labor Sunday gave up their time to enjoyment. In the afternoon a trip was taken in trolley cars over the route travelled by Paul Revere on the night in April, 1775, when he warned the patriots that the British soldiers were advancing. The party started at 2 o'clock and returned about four hours later, the entire distance traversed being about fifty miles.

At Concord and Lexington the cars stopped long enough to give the excursionists an opportunity to visit the famous revolutionary battlefields in these towns. Entertainments for the delegates were given in the evening by the various local unions.

Longshoremen's Union 302 held a mass meeting at night. Among the speakers were John Mitchell and Samuel Gompers.

TO PROVOKE WAR WITH TURKEY.

Conspiracy Formed by Bulgarian and Servian Officers.

Sofia, Nov. 16.—Previous reports of a conspiracy of Bulgarian and Servian officers to provoke war with Turkey have been officially confirmed. According to these reports, Turkey was to be attacked by the combined armies of the two countries. A search of officers' quarters at Philippopolis, Tirava and other places in Bulgaria, it was said, revealed compromising letters and revolutionary documents directed against Prince Ferdinand. This latter part of the rumor, however, proves to be untrue. It is said that a number of young officers of Macedonian nationality planned to create a crisis by forcing a conflict on the frontier. The minister of war has ordered the removal of 140 officers.

Prince Ferdinand Sunday opened the new sovereign and received a great ovation on his way to and within the chamber.

INVESTIGATION IN PROGRESS.

Postal Inspectors Probing Allegations of Illegal Stamp Transfers.

Washington, Nov. 16.—The post-office department is pressing the investigation of published allegations that rare postage stamps have illegally found their way from the department to stamp speculators.

It has been the practice of the office for a number of years to distribute among department officials and other prominent persons "specimen" stamps distinctly so marked to prevent their use as postage as an official courtesy and it is known that a large number of these stamps have found their way into the hands of the dealers. Inspectors are endeavoring to find out who sold them to the dealers. The investigation may be concluded this week.

POWELL SUCCESSFUL

AMERICAN MINISTER CARRIES HIS POINT AGAINST THE DOMINICAN GOVERNMENT.

CASE OF LONG STANDING

CONTRACTS AND PRIVILEGES OF AN IMPROVEMENT COMPANY WERE TAKEN AWAY.

San Domingo, Nov. 16.—United States Minister Powell has finally carried his point against the Dominican government that it would agree to the provisions of the protocol regarding the San Domingo Improvement company. The government has informed the minister that it would accede to his request carrying out the provisions of the protocol and appoint arbitrators at once. This is considered a great victory for the American interests.

Washington, Nov. 16.—The case of the San Domingo Improvement company against the Dominican government has been one of long standing. The improvement company had contracts for making various improvements and for certain harbors, privileges and dues which contract the Dominican government afterwards took away from the company. The former sought the assistance of this government and asked it to secure its just rights.

ATTACKED BY INSURGENTS.

Heavy Fighting Occurs Around San Domingo.

San Domingo, Nov. 16.—There was heavy fighting here Thursday morning. The forts around the city were engaged with the insurgents and there was considerable cannonading on both sides. The town was not damaged and the situation is unchanged.

The United States cruiser Baltimore arrived here Thursday afternoon and will protect American interests.

Business is at a standstill.

Washington, Nov. 16.—Confirmatory information of the attack on San Domingo by the revolutionists reached the state department Sunday in a dispatch from Minister Powell. He reported that the revolutionists were attacking the city on three sides.

MAINTAINS REGULAR SERVICE.

Chicago City Railway Wins Temporary Victory Over Strikers.

Chicago, Nov. 16.—A temporary victory, at least, was scored Sunday by the management of the Chicago City railway against its striking employees. From early in the morning until dark the company succeeded in maintaining a regular service on its Wentworth avenue line, which extends from Seventy-ninth street to downtown district, a distance of eight miles. The first car, manned by a newly hired nonunion crew, left the car barns guarded by a dozen policemen at 8 o'clock and was followed four minutes later by another train. This schedule was kept up all day and with the exception of two incipient riots at Thirty-first street, in which several arrests were made, no opposition was made by the former employees of the company or strike sympathizers. Thousands of persons took advantage of it being Sunday and gathered along the route, which was patrolled by two-thirds of Chicago's police force, but nearly everybody looked on good naturedly as the cars, some of them half filled with passengers, sped along without meeting any interference.

Part of the day's success can be attributed to the absence of teams drawing heavy loads in the streets, through which the cars had to pass and were used by the teamsters as a means of retarding the progress of the cars during the first three days of the strike.

According to the officials of the company an attempt will be made today to operate some of the other lines of the system if the police department can supply protection.

FOR ANOTHER ZION CITY.

Dowie Says He Has an Offer of Four Million Acres of Land.

Chicago, Nov. 16.—"I have received an offer of 4,000,000 acres of land on which to build another Zion City, but the site must be kept secret at present," said John Alexander Dowie, speaking to his followers in Shiloh tabernacle, Zion City, Sunday.

"What is more," Dowie continued, "I have an offer of 10,000 acres of land within thirty-five miles of New York City for the same purpose. That does not look as if our New York trip failed, does it?"

"I am going abroad Jan. 3, after men and money," he said. "When I get back in June I will have planned a number of Zions. Then all Zion will start its work for building up Jerusalem."

Fill Methodist Pulpits.

Omaha, Nov. 16.—Every Methodist pulpit in Omaha, South Omaha and Council Bluffs was filled at least once, and in most cases twice Sunday by the Methodist bishops, missionary secretaries, returned missionaries, preachers and laymen who have been in attendance at the annual meeting of the general missionary convention of that denomination in session in this city.

Inebriates Elope.

Des Moines, Ia., Nov. 16.—The state board of control in its biennial report to the state legislature will recommend several changes in the inebriety law which has been in effect since the last session. It is explained a great deal of trouble has been experienced because the patients elope and refuse to obey those in authority at the state institutions.

FACTORIES CLOSED DOWN.

Five Thousand Operatives Out of Employment at Quebec.

Quebec, Nov. 16.—Twenty boot and shoe factories in this city have closed down. The shutdown is due to trouble with the machinists who have refused to abide by an agreement, made in 1901, creating a conciliation board. The specific complaint on which action was taken was that of four machinists who left the Marsh factory because they were refused an increase of wages, without submitting the demand to the arbitration commission. The manufacturers will no longer recognize the shoe machinists' union, but will insist upon individual contracts. Five thousand operatives are affected by the shutdown.

SNOW DELAYS TRAFFIC.

Heavy Losses to Stock Anticipated in Montana.

Lewistown, Mont., Nov. 16.—Over twelve inches of snow have fallen on the level in Fergus county, and under the heavy winds of the past three days has played havoc with mountain passes, filling canyons with snow. The Great Falls stage is stuck in the snow somewhere between Lewistown and Phillis Rock. Lewistown has had no trains since Friday and two engines are now cab deep in drifts within a few miles of Lewistown. It is feared that heavy losses to stock will result if a warm spell is not speedily forthcoming. The temperature is five below zero and still dropping.

Proposed Settlement Defeated.

Leadville, Colo., Nov. 16.—The official count of the votes cast by the miners of the Northern coal district Saturday night reverses the decision and defeats the proposition for a settlement of the strike. The mistake occurred in the counting of the votes at the various unions and it took but few votes to change the decision.

Hearing in Dunsmuir Will Case.

Vancouver, B. C., Nov. 16.—An appeal from a judgment in the supreme court of British Columbia will be heard today by the full court in the case of Edna Wallace Hopper against James Dunsmuir, ex-premier of British Columbia. Miss Hopper's case is to have the will of her stepfather, A. L. Dunsmuir, set aside.

We Paid \$100,000

For Liquezone—Yet We Give You a 50c. Bottle Free.

This company, after testing Liquezone for two years in the most difficult germ diseases, paid \$100,000 for the United States' rights. That is by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Liquezone. The most worthless product may have great claims made about it; but men don't pay a price like that save for a discovery of remarkable worth to humanity.

Kills Inside Germs.

Liquezone alone kills germs in the body without killing the tissues, too. It is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. Liquezone destroys at once and forever the cause of any germ disease.

And there is no other way to do it. Any drug that kills germs is a poison to you, and it cannot be taken internally. Liquezone alone can attack a trouble that is caused by inside germs; and it cures diseases which medicine never cured.

Liquid Oxygen.

Liquezone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple

form into the blood that no germ could live in any membrane or tissue.

Liquezone does that. Oxygen is Nature's greatest tonic—the very source of vitality. Its effects are exhilarating—purifying, vitalizing. Nothing else in the world is so good for you. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We spend 14 days in making each bottle of Liquezone; but the result is liquid oxygen—a product which will cure diseases which no medical skill can cure without it. It is now employed in every great hospital, and endorsed by every medical authority, the world over.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

FEVER SITUATION UNCHANGED.

Twenty-two New Cases Reported at
Laredo, Tex.

Laredo, Tex., Nov. 16.—The yellow
fever situation drags along in un-
changed condition.

The official bulletin is as follows:
New cases, 22; deaths, 2; total num-
ber cases to date, 888; total deaths to
date, 88.

While in pursuance of their duty Sun-
day Doctors R. D. Murray and G. M.
Gutierrez of the Marine Hospital ser-
vice met with a serious accident in a
runaway. They were driving to their
hotel when the horses became fright-
ened and ran away, the buggy collid-
ing with a large stone pillar and
throwing both the physicians out. Dr.
Murray sustained injuries which may
prove fatal owing to his advanced age
and which at least will confine him to
a hospital for a period of six months.
Dr. Gutierrez sustained severe bruises.

Dr. Murray's home is at Key West,
and he enjoys an international reputa-
tion as a yellow fever expert.

The fever has been almost entirely
stamped out in Nuevo Laredo.

AFTER A BUSY WEEK.

Federation of Labor Delegates Take a
Vacation.

Boston, Nov. 16.—After a week
crowded with busy sessions, the dele-
gates to the convention of the Ameri-
can Federation of Labor Sunday gave
up their time to enjoyment. In the
afternoon a trip was taken in trolley
cars over the route travelled by Paul
Revere on the night in April, 1775,
when he warned the patriots that the
British soldiers were advancing. The
party started at 2 o'clock and returned
about four hours later, the entire dis-
tance traversed being about fifty miles.
At Concord and Lexington the cars
stopped long enough to give the ex-
cursionists an opportunity to visit the
famous revolutionary battlefields in
these towns. Entertainments for the
delegates were given in the evening
by the various local unions.

Longshoremen's Union 302 held a
mass meeting at night. Among the
speakers were John Mitchell and Sam-
uel Compersa.

TO PROVOKE WAR WITH TURKEY.

Conspiracy Formed by Bulgarian and
Servian Officers.

Sofia, Nov. 16.—Previous reports of
a conspiracy of Bulgarian and Servian
officers to provoke war with Turkey
have been officially confirmed. Ac-
cording to these reports, Turkey was
to be attacked by the combined armies
of the two countries. A search of offi-
cers' quarters at Philippopolis, Tirava
and other places in Bulgaria, it was
said, revealed compromising letters
and revolutionary documents directed
against Prince Ferdinand. This lat-
ter part of the rumor, however, proves
to be untrue. It is said that a number
of young officers of Macedonian na-
tionality planned to create a crisis
by forcing a conflict on the fron-
tier. The minister of war has ordered
the removal of 140 officers.

Prince Ferdinand Sunday opened
the new suburb and received a great
ovation on his way to and within the
chamber.

INVESTIGATION IN PROGRESS.

Postal Inspectors Probing Allegations
of Illegal Stamp Transfers.

Washington, Nov. 16.—The post-
office department is pressing the in-
vestigation of published allegations
that rare postage stamps have illeg-
ally found their way from the depart-
ment to stamp speculators.

It has been the practice of the office
for a number of years to distribute
among department officials and other
prominent persons "specimen" stamps
distinctly so marked to prevent their
use as postage, as an official courtesy
and it is known that a large number
of these stamps have found their way
into the hands of the dealers. Inspect-
ors are endeavoring to find out who
sold them to the dealers. The investi-
gation may be concluded this week.

Minnesota Man Wins a Medal.

Cincinnati, Nov. 16.—At the diamond
medal oratorical contest, under the
auspices of the W. C. T. U., Arthur
Mann of Minnesota won the diamond
medal. His subject was "The Court
of Last Appeal," written by Rev. S. S.
Guthrie.

Women Occupy Pulpits.

Cincinnati, Nov. 16.—Over one hun-
dred pulpits in Cincinnati and Ohio
and Kentucky suburbs, were occupied
Sunday morning and evening by ladies
who are delegates, teachers or or-
ganizers or other attendants at the
thirtieth national convention of the
Women's Christian Temperance union.

POWELL SUCCESSFUL

AMERICAN MINISTER CARRIES HIS

POINT AGAINST THE DOMIN-
ICAN GOVERNMENT.

CASE OF LONG STANDING

CONTRACTS AND PRIVILEGES OF
AN IMPROVEMENT COMPANY
WERE TAKEN AWAY.

San Domingo, Nov. 16.—United
States Minister Powell has finally car-
ried his point against the Dominican
government that it would agree to the
provisions of the protocol regarding
the San Domingo Improvement com-
pany. The government has informed
the minister that it would accede to
his request carrying out the provisions
of the protocol and appoint arbitra-
tors at once. This is considered a
great victory for the American in-
terests.

Washington, Nov. 16.—The case of
the San Domingo Improvement com-
pany against the Dominican govern-
ment has been one of long standing.
The improvement company had con-
tracts for making various improve-
ments and for certain harbors, privi-
leges and dues which contract the
Dominican government afterwards
took away from the company. The
former sought the assistance of this
government and asked it to secure its
just rights.

ATTACKED BY INSURGENTS.

Heavy Fighting Occurs Around San
Domingo.

San Domingo, Nov. 16.—There was
heavy fighting here Thursday morn-
ing. The forts around the city were
engaged with the insurgents and there
was considerable cannonading on both
sides. The town was not damaged
and the situation is unchanged.

The United States cruiser Baltimore
arrived here Thursday afternoon and
will protect American interests.

Business is at a standstill.

Washington, Nov. 16.—Confirmatory
information of the attack on San Do-
mingo by the revolutionists reached
the state department Sunday in a dis-
patch from Minister Powell. He re-
ported that the revolutionists were at-
tacking the city on three sides.

MAINTAINS REGULAR SERVICE.

Chicago City Railway Wins Tempo-
rary Victory Over Strikers.

Chicago, Nov. 16.—A temporary vic-
tory, at least, was scored Sunday by
the management of the Chicago City
railway against its striking employees.
From early in the morning until dark
the company succeeded in maintaining
a regular service on its Westworth
avenue line, which extends from
Seventy-ninth street to downtown dis-
trict, a distance of eight miles. The
first car, manned by a newly hired
nonunion crew, left the car barns
guarded by a dozen policemen at 8
o'clock and was followed four min-
utes later by another train. This
schedule was kept up all day and with
the exception of two incipient riots at
Thirty-first street, in which several
arrests were made, no opposition was
made by the former employees of the
company or strike sympathizers.
Thousands of persons took advantage
of it being Sunday and gathered along
the route, which was patrolled by two-
thirds of Chicago's police force, but
nearly everybody looked on good
naturedly as the cars, some of them
half filled with passengers, sped along
without meeting any interference.
Part of the day's success can be at-
tributed to the absence of teams draw-
ing heavy loads in the streets, through
which the cars had to pass and were
used by the teamsters as a means of
retarding the progress of the cars dur-
ing the first three days of the strike.
According to the officials of the com-
pany an attempt will be made today
to operate some of the other lines of
the system if the police department
can supply protection.

FOR ANOTHER ZION CITY.

Dowie Says He Has an Offer of Four
Million Acres of Land.

Chicago, Nov. 16.—"I have received
an offer of 4,000,000 acres of land
on which to build another Zion City,
but the site must be kept secret at
present," said John Alexander Dowie,
speaking to his followers in Shiloh
tabernacle, Zion City, Sunday.

"What is more," Dowie continued,
"I have an offer of 10,000 acres of land
within thirty-five miles of New York
City for the same purpose. That does
not look as if our New York trip failed,
does it?"

"I am going abroad Jan. 3, after men
and money," he said. "When I get
back in June I will have planned a
number of Zions. Then all Zion will
start its work for building up Jerusa-
lem."

Fill Methodist Pulpits.

Omaha, Nov. 16.—Every Methodist
pulpit in Omaha, South Omaha and
Council Bluffs was filled at least once,
and in most cases twice Sunday by the
Methodist bishops, missionary secre-
taries, returned missionaries, preach-
ers and laymen who have been in at-
tendance at the annual meeting of the
general missionary convention of that
denomination in session in this city.

Inebriates Elope.

Des Moines, Ia., Nov. 16.—The state
board of control in its biennial report
to the state legislature will recom-
mend several changes in the inebriety
law which has been in effect since the
last session. It is explained a great
deal of trouble has been experienced
because the patients elope and refuse
to obey those in authority at the state
institutions.

FACTORIES CLOSED DOWN.

Five Thousand Operatives Out of Em-
ployment at Quebec.

Quebec, Nov. 16.—Twenty boot and
shoe factories in this city have closed
down. The shutdown is due to trou-
ble with the machinists who have re-
fused to abide by an agreement, made
in 1901, creating a conciliation board.
The specific complaint on which ac-
tion was taken was that of four ma-
chinists who left the Marsh factory
because they were refused an increase
of wages, without submitting the de-
mand to the arbitration commission.
The manufacturers will no longer
recognize the shoe machinists' union,
but will insist upon individual con-
tracts. Five thousand operatives are
affected by the shutdown.

SNOW DELAYS TRAFFIC.

Heavy Losses to Stock Anticipated in
Montana.

Lewistown, Mont., Nov. 16.—Over
twelve inches of snow have fallen on
the level in Fergus county, and under
the heavy winds of the past three days
has played havoc with mountain
passes, filling canyons with snow. The
Great Falls stage is stuck in the snow
somewhere between Lewistown and
Phillips Rock. Lewistown has had no
trains since Friday and two engines
are now cab deep in drifts within a
few miles of Lewistown. It is feared
that heavy losses to stock will result
if a warm spell is not speedily forth-
coming. The temperature is five be-
low zero and still dropping.

Proposed Settlement Defeated.

Leadville, Colo., Nov. 16.—The of-
ficial count of the votes cast by the
miners of the Northern coal district
Saturday night reverses the decision
and defeats the proposition for a set-
tlement of the strike. The mistake
occurred in the counting of the votes
at the various unions and it took but
few votes to change the decision.

Hearing in Dunsmuir Will Case.

Vancouver, B. C., Nov. 16.—An ap-
peal from a judgment in the supreme
court of British Columbia will be
heard today by the full court in the
case of Edna Wallace Hopper against
James Dunsmuir, ex-premier of Brit-
ish Columbia. Miss Hopper's case is
to have the will of her stepfather, A.
L. Dunsmuir, set aside.
